Specific Practices and Procedures

Supervision

Children's safety and wellbeing is taken very seriously at our service. All educators and staff members will ensure that children are adequately supervised at all times, and that they can respond immediately to any child that is distressed, in need of assistance or support or in a dangerous situation. This includes during transition periods throughout the day when children may, for example, be changing rooms or groups, moving between outdoor and indoor environments, arriving or leaving the service, moving from service vehicles to the service premises, leaving or returning from excursions, moving to meal areas, washing their hands, or using the toilet.

To achieve this outcome educators will be alert, aware and in sight and sound of all children for whom they are responsible. Educators supervising outdoors must position themselves to see as much of the play area as possible. They will also actively engage with children and not stand back and watch. Educators working directly with children must focus on the children and not other duties/activities. They will not group together in the outdoor environment except for brief, necessary discussions regarding the children.

In particular, children will be supervised:

- when resting or sleeping
- during hand washing and/or toilet times
- at the table when eating
- in any areas where risk is increased
- during any water activity (at least one educator close at all times)

The Approved Provider or Nominated Supervisor, and where relevant Room Leaders, will ensure:

- only educators working directly with children are included in the educator to child ratio
- students, volunteers and any educator under eighteen years is supervised at all times by an educator eighteen and over
- no child is ever left alone with a visitor/ unauthorised person
- they promote continuity of care when organising rosters and a regular pool of relief educators
- any educators on a meal-break return to duty to supply adequate supervision in any emergency situation where adequate supervision of children is threatened.

Responsible Person

Our service will have at least one "responsible person" present at all times when caring for and educating children. A responsible person is:

- an approved provider
- a nominated supervisor
- a person who is in day to day charge of the service.

The name of the responsible person will be clearly displayed in the main entrance of the Service. If the responsible person needs to change (for example the current person needs to leave the Service), he or she will "hand over" responsibility for the role to another eligible person at the Service. Both the old and new responsible person will communicate directly and ensure the name of the responsible person displayed at the Service correctly reflects who currently holds the position.

Nominated Supervisors and Persons in Day to Day Charge

The Approved Provider will make sure people appointed as a Nominated Supervisor or Person in Day to Day Charge are at least 18 and have:

- The required skills to be a nominated supervisor or person in day to day charge eg. has adequate knowledge and understanding about providing education and care including understanding of child protection obligations.
- Can effectively supervise and manage the service.

The Approved Provider will take all reasonable steps to ensure children's safety and wellbeing is protected and ensure the person is 'fit and proper' person to fill the role by:

- considering their age, qualifications and experience
- checking their child protection clearance is current
- getting a statement from person about their compliance history. Use 'compliance history statement' template on ACECQA website
- getting declaration from person that they're not a 'prohibited person'. Use 'prohibition notice declaration' on ACECQA website

A person who accepts a Nominated Supervisor position must consent in writing using ACECQA notification form NS01 which must be submitted with form NS02 'Notification of Change to Nominated Supervisor' to the Regulatory Authority.

A person who accepts being in day to day charge must also consent in writing. The nominated supervisor will keep a record of all persons who may be placed in day to day charge.

The Approved Provider or Nominated Supervisor will keep a record of all information and documentation supporting a person's appointment as Nominated Supervisor or in day to day charge.

Notifications

The Approved Provider will notify the Regulatory Authority:

Approved Provider

- within 14 days a change of name
- within 7 days of a change of address or contact details
- within 7 days of any adverse change in fitness and propriety
- within 14 days of the appointment or removal of a person with management or control of the service

Educator to Child Ratios

The Approved Provider and Nominated Supervisor will ensure our educator to child ratios always meet the minimum requirements below:

- For preschool aged children 36 months and over, 1 educator to 11 children.

In relation to ratios:

- The numbers of children do not include children being cared for in an emergency for no more than two consecutive days the service operates
- Students or volunteers will never be included in ratios
- An early childhood teacher (ECT) can be included in the ratios if they are present at the service
- More than one educator will be present when children are in attendance where possible.

Educator Qualifications

At least 50% of educators who work directly with children and are included in our educator to child ratios must have or be actively working towards an approved Diploma level education and care qualification. All other educators who work directly with children and are included in our educator to child ratios must have or be actively working towards an approved Certificate III level education and care qualification.

Exception:

- The Certificate III qualification requirements do not apply to an educator who has been employed on probation for up to 3 months at one or more centres operated by the Approved Provider.

To be actively working towards a qualification, a person must be enrolled in the course and provide written evidence that they:
